Hello All,  
Another month has passed and yes we are keeping busy. It is with great joy that I have Trace here as my offsider. She has been getting things done which is of great assistance to me I am grateful she is willing to come whenever God says go. Even though there may be still physical challenge for her, even if she is not quite able she knows her God is able. She aims to keep a balance but sometimes she overdose it. Please continue to pray for her continued healing. We have a busy two weeks with one team from Singapore staying with us and a school team from Adelaide each week coming in to our LIA centre and two days medical clinics down at Srey Reing each week. We also have a man coming from the OZ to come for a time to volunteer with us. We are also in the process of hiring new staff as we have a great need in this area, so pray they will be the ones we need. I am now back in my unit with

baby Isaac .One of the older girls is with me as I am training this particular young lady up to be a prodigy.

She has such a heart for God, me and our work. Her name is Ravy she is a complete orphan and understands foreign culture so well, which is so needed in this style of work. Her story is on our website & featured in one of our earlier newsletters. That is part of our whole vision of work here, to train Cambodians to help their own people.

God is forever faithful in what He calls us too. Keep looking up and trusting His destiny for you. God never fails us..

In our God's Love,

*Ruthie*

Children are the future !

# Help for a Family

These children you see with their mother have both parents who love them very much. They are the victims of another debilitating effect in this nation that is breaking up families & that is disabilities. Both parents of these children are amputees which means they have lost one or more limbs due to unexploded landmines that were & are still left in unknown area's since the Khmer Rouge war era. These parents where sent to Ruth for assistance with their children, as they are presently both

unemployed & cannot provide for their family. There is no government assistance for disabled in this nation. These parents are Christians & long for their children to be cared for, while they find work & then once again provide a home, food & education for them. We don't know how long they will be with us but until they can return to their parents we will care for them as our own. LIA is also about making the load lighter while families are in need. In this way they are safe & loved.

**Soosaday.** That's "Hello" in Khmer the language here. As you see above there is a picture of Ravy and I. We thought we would right this together.

**This is Ravy here !** I would like to thank you for helping all of us kids here in Cambodia & helping mummy to be with us. We love her very much and pray for her & Tracey everyday. I like to help mum with baby Isaac & doing things around LIA. At the moment I have just finished school exams

some subjects I find hard but I tried my best. It is only one more week then we have summer holidays until October. It is great having Tracey here with us. We pray for God to Bless you.. Love Ravy Hello it's Trace again, isn't Ravy lovely ?

It is important for us all to remember that God has His hand on every life and that each man, woman and child are worthy of His love. No matter what we have or have not done God wants to use you. When all seems against us that is when God loves us to run to Him and say ok Lord here I am. Every day can seem a struggle but He is our strong tower. WOW! Am I glad about that promise. Keep praying for us as we obey the call of God in this

nation through the work of Love in Action. Thank-you for all you encouragement to us. I will be returning to Australia around July 17th so I will be in touch.

*Blessings of love and hope to you all,*
